Congratulations to the Class of 2010.

I hope that as time passes you will begin to value more your time here. It has been a time of growth, experimentation and maturity. All your teachers have been part of your growth. You are the end result of their dedication and your perseverance. Please come back to visit. Let us know how you are.

## Lighthouse Keeper's Tribute

The Lighthouse Service filled a great need.  
Motivated by service, never by greed.  
Though they reached the end of their time  
It would positively be a crime.

If we didn't take the time to say  
"Thank you for being there night and day.  
As you retire and take your rest  
Know your example was of man's best."

We kids who lived in lights with you  
Could see firsthand all you do,  
Your coping with every kind of strife  
Taught we kids how to deal with life.

because when we weren't happy together we weren't ourselves. The time I spent with you can never be replaced. You taught me many things that no one could ever teach

me. Never once have I been scared to be myself around you. When I look ahead to the future I cannot see myself without you. Every minute we spent together was more than worth it and those days go down for the best in my life. One day, if not me, you will find someone who you deserve, someone perfect who can bring out the beautiful girl you truly are. I'm sorry for all that I have put you through, but everything always works out for the best and I'm sure one day we will be together again. Remember Annie, don't cry because it's over, smile because it happened. And when I think about you I can't help but smile. Sometimes I even laugh out loud. Thinking about all our times together, Our Romeo and Juliet story haha. But it was all worth it, and look at us now. Our strength is derived from each other. So never forget us and what we meant to each other. And remember this always.... I love you

**Annie Lyons (a.k.a Andy)**— Over the past two years we have encountered many obstacles. Some good and some bad, but with every single one we learned and gradually grew on each other. Each step of the way I fell more and more for you. Starting with confusing times your first year when I was trying to win you over all the other guys to the hard times at the end of last year. Before I met you I never believed in young love. You opened my eyes and showed me a whole new world. You are a gentle person with a kind heart. I've always known that deep inside you there was a beautiful fun loving girl and this past year you really showed me your true self. We have gone through many things that could have easily torn us apart, but there was something inside of us that kept us so closely attached. When we would fight or not be talking the whole school knew there was something wrong,

**Elijah-** I don't think I could have made it all these years without you. You have been a guiding hand for me, sometimes not always in the right direction haha. If it wasn't for you I would have never come and I'm happy we are going to be graduating with each other. Ever since we were young you have been one of my best friends and I know we are always going to stick by each other's side. I'm proud of you. You changed your whole life around. And now you are a successful student and a great hockey player. Keep up the good work, I'll be by your side whenever you need me.

**Class of 2010-** Jory I wish I could say it... but I guess not haha. It was a great year with all of you. Some of us had our ups and downs together, I'm sure you know who you are, but here we are, moved on with our lives, doing what we love. I had a lot of great times with you all and I'm sure they will keep coming. Once a friend always a friend, so all

of you CONGRATS and keep in touch!

**Class of 2009-** Holy smokes, there is too much to say about that year. Colman and Ponzio... I miss you guys, you guys are my true friends. My only friends that approached me with honest hearts and understood how I felt. You both deserve someone amazing. You are the funniest, caring people I know and one day you are going to be very successful. May the good times keep coming, I'm glad you live in Montreal Colman, Ponzio your slacking, get over here. Lauren- Thanks for being there when I need someone to talk to, now... try to keep in touch... Graig- You have a strong heart and you are passionate about the things you love. I always knew you could keep a promise and when you said something I knew you meant it, I miss you buddy.

**The true Quad (2008)-** You guys(Mike, Joe, Clewer, Toots) Made my year. All of you took me under your wing and treated me like one of you, even though I was only 15. Thank you guys for a great year!

**Binky-** So much to say about you in such a small space... You're the hardest worker I've ever met, if I could have half the will power that you have that would be more than enough. I will look up to you, keep working at it buddy, I miss you

**Class of 2011-** Stay out of trouble!! Don't bollywood in my footsteps, trust me it's not worth it. When it comes down to it, the memories you have with your friends are the ones that don't involve being an idiot, haha. Trust me, there are many memories with you all, and at the end of my time I started to realize who my true friends are. Take care of Annie for me... I'll be around to visit.

**Mr. Buttenheim-** Thank you for treating me like your own son. You are a great teacher and an ever better adviser. You have always watched my back and I'm sorry for putting you in a bad position a few times. May your time at Hoosac be great and I will be down to visit you whenever I can.

**Mom and Dad-** I have put you two through a lot... But like the loving parents you are, you never gave up on me. You are both my strongest influences and role models and if I look up to you proudly, I want to be as loving and successful as a parent as you two are. I love you both with all of my heart.

**All others-** Take it easy! I'm sorry if I left you out, and never forget the things you learned here.

**Eunice-** Thank you for being a perfect baseball manager and being there when ever I wanted someone to hang with or talk to. You were a big baby and never did the rope swing but its ok I will make you do it by the end of the spring.

**Bragga-** The only kid I knew when o came here was a new experience for us and was kind of weird at first, but then we settled and started to have fun we had some good times drives home and back were interesting and all the good times we had at school hockey season and baseball.

**Joe and Tex-** Had some good times on the weekend when we were bored always found something to do. Tex my roommate every tournament had some good stories and times with Big Joe snoring.

**Jayla-** You were scared when you first went to the rope swing and instead of going alone you did doubles the first time and after that there was no going back, you became one of the guys haha and just went without a problem, some good times.

**Simms-** My little son you were a pain but you were like a brother to me and we did stuff together basketball, workout and every night. Also hockey's better than basketball and keep working kid and you will achieve your goal, DO IT BIG KID.

**Dear Mom and Dad-** Thank You for this opportunity you guys gave me of attending Hoosac and making all the things that I have accomplished possible. Love You,

**The Quad-** Eli and Jory my brothers from another mother, we had some good times throughout the school year from hockey all the way through to the spring. I have so many memories and a lot of things I will never forget. Good luck to both of you next year.
