JOHN Bragga

Patrick— PJ, you were the first person I met when I came to Hoosac and from that first day I knew that you were going to be my brother. You started off as a roommate and as time went on we grew closer and closer together. We've been through a lot, from thinking Jin was going to be quiet all year to you finally starting to throw in some diggers. I love you man and I always will, you're my brother!

Jin— What to say about you? When I first met you, I thought you were going to be a strange kid from South Korea who never talked to us and just kept to himself. Well, I was wrong. At first you were quiet but as you started to feel more comfortable around us you broke out of your shell and became one of the boys. I will never forget you and I will always be thinking about you as you are probably my best friend from Hoosac. Sarang hae, and hopefully I'll see you sometime this summer when I visit South Korea!

Eddy— Hey ya cute little guy you..you weren't an original member of the quad, but in all reality, you are a true quad boy now. I have never met anybody who can pack hockey bags the way you do. You fill them as much as you can, and you pack them a lot! Many of my friends from home met you and basically you're one of my "friends from home" (British accent) cause Hoosac is my home away from home. I'll see you this summer when you fly into Burlington for your birthday. Love you man!

Bragga and Germ— I have no idea where to even begin with you guys...Bragga when I met you for the first time you walked into Lavino with your dad and you had a toothpick in your mouth and you said what-up and all I could think was, "Wow this kid looks

intense and good at hockey...and he's from Boston." But over time I got to know you for who you are. But you're my brother man and I love you. Germ, "Ok, that's it." I will never forget the times we've had together and most importantly I will never forget your accent. If you decide to go to St. Mike's next year let me know cause it's real close to my house and we could chill. Love you like a brother.

Lavino Boys— My family from Hoosac..I spent most of my time with you and all of you are like brothers to me. No matter what happens this year or next year, the Lavino Boys will always live on in spirit!

Lucy— My monster/baobao/baby...No matter what I called you, you were always mine. I met you only a little over 3 months ago, and you are one of the most important people in my life right now. I have had so much fun with you since we began dating. We have had some good times, we have also had some bad times, but we got through them together which made us stronger. I can still remember the time we first started talking...about a paper that we had to write for ethics. It's funny how something like that can bring two people together, but I wouldn't have it any other way. My most favorite memory is definitely playing badminton with you outside of Tibbits

during free time using only the light from the door. These are the times that I will remember for the rest of my life.

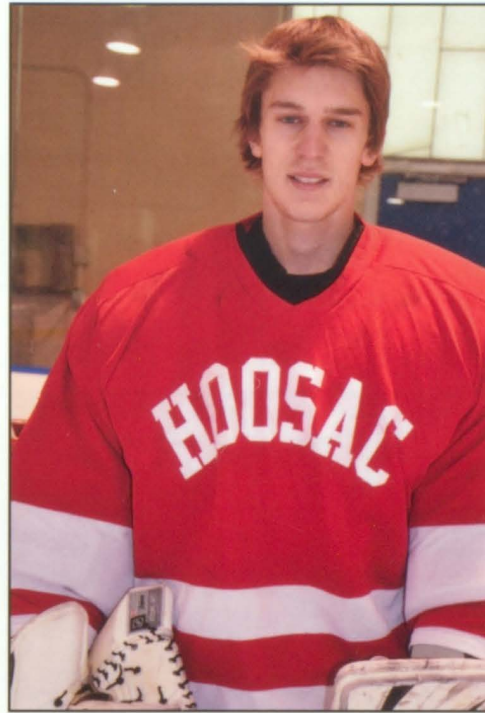

There are times that you ask me if I think we have a language barrier between us, and honestly, I think there is a small one. But this is not a bad thing, I can help you work on your English and you can help me learn Chinese which is something I never would have thought I'd be doing and that's what makes me happy! Hopefully by summertime I will know enough Chinese to be able to speak well when I come visit you in China. I love you so much baby, thank you for making my time at Hoosac this year absolutely amazing!

Mom and Dad- Thank you for letting me move schools mid-year to follow my dream of playing college hockey. You guys play a huge role in my life and you mean the world to me.

Pitt Boys- Pitt Boys for life. Conor, you were probably the most chill roommate in Pitt. Those days when we were bored so we changed room setups every month. Waking up at 5:45 to go get SWOLE at the gym. Oh, and we can't forget the Omegle sess and Facebook poker nights. I wouldn't have chosen any other roommate this year. Thanks for the good times. Sexy Lexi, you were probably one of my best friends on campus. So many good times I can not name them all. The adventures we had during the power loss were crazy, and the late nights in Pitt with Carlo and Conor won't be forgotten. After this year, who's going to jump on you in the morning to wake you up for the gym? Hoosac wouldn't be the same without you. I better see you in Texas this summer! Jonny G, you are the chilliest bro at Hoosac. You brought out my competitive side in the gym. You were the man to go to for advice and deep conversations about life. You are the man. I still think my backflip is better than yours. Carpi and Cote, the Frenchys of Pitt. I loved messing with you guys before you went to bed at 9. Thanks for teaching me French and putting up with my jokes. You guys are sexy, especially the Cote Wink! Dan The Man, bro need I say more? Matt, we didn't hangout much after hockey season, but when you did pop into my room, I couldn't keep a straight face. Carlo, the days we would team up on Lexi were the best.

Lavino Boys- YO PIZZA! Bragga, you were my boy. Messing around in classes and telling classic jokes that I can not mention. The good ole ping-pong before, during, and after classes. Showing up to Mrs. P's class with a feast of food a few minutes late, classic. We are definitely going to Sweden to see those cute girls. Germ, you are my boy. You definitely have some good jokes, and sometimes you take them too far haha. I always had a ball during free time with you and Bragga. Lucky number 7 baby, Je t'aime. Eddy, you are and always will be the Cute Lil Guy. You always know how to have a good time. Lax was a good time and so was spending 30 minutes at the mall deciding on a new lax head or shaft, and then not getting one. Haha. So many good times with so many stories. Keep the good times going. PJ, you are such a great guy. You live the dream every day with dirty Mike and the boys. Ethics wouldn't be as fun if you weren't there. You are a classic guy. Jin, you are hilarious on the lax bus and also a sniper during games. You were just a good friend man. Tommy, you had sick style on and off the ice. You were a great guy to be around and knew how to have a good time. I'm going to miss ya buddy.

Dudley Boys- William Francis Flynn the 4th, we go way back bro. First you were the one who told me about Hoosac and the reason I came

here. You make me laugh pretty much every day. You are my teen idol and ill beat you in a Harry Potter battle any day. JAJAJAJAJA, JG. I will never forget the day when we saw each other on Omegle, classic. I had a blast with you this year bud, and keep trying to convince the Frenchys that we don't live in the desert! We are chillin' this summer, no excuses.

Spencer, "Wanna see a 720? Take a video". Bro you are the comedian on campus. We have pretty much the same interests, which is why get along so well. Even though we picked on you a lot, we did it out of love, no homo. You have the best movie quotes and know exactly when to say them. I'll never forget the sunday trip to the movies with you, it was like a weekend ritual. You will thank me later for making you go to the gym, trust me. We still have yet to make a dirty Hoosac video, but I know it will happen. You better keep your promise on coming to Texas this summer with Lexi. Just keep being yourself kid.

Ryan Allen- loosing power for three days was when I definitely got to know you better. We stayed up late in Levino telling life stories by the fire and eating junk food. You have the laugh out loud jokes that never get old. The things you come up with are just so classic. How do you think of these things? We can't forget about the long conversations at the airport and on the way back to school from the airport. Taco Bell is where its at bro. Oh, and the good ole, "Ryan Allen, where is your helmet?" haha.

Annie- we had a love/hate friendship, but now we get along really well. You are the most random person at Hoosac I know and you can make me laugh whenever you want. From the funny face battles to your random animal noises, how can I not keep a straight face? I was glad I got to know you pretty well and you definitely made my Hoosac experience an amusing one. Oh, and thanks for putting up with my flirty shenanigans. It wouldn't hurt if you humored me every now and again. :)

Kelsey- say girl! Sometimes I wish I was as cool as you. I love listening to you weekend stories, and then picking on you about them. You have the coolest dance moves at Hoosac, haha. Even though you won't admit it, I know you love me. OMG!!!

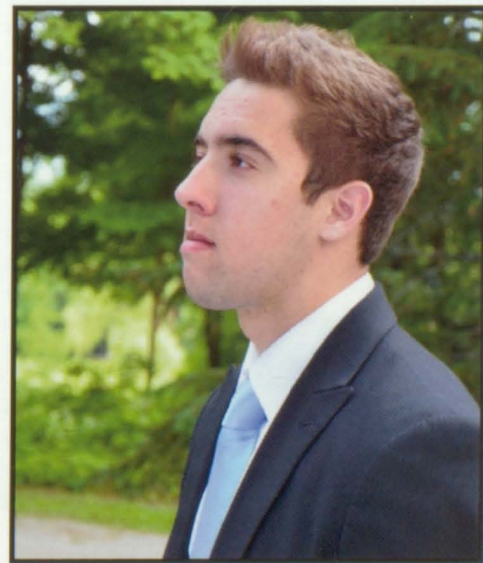

Sewa- I definitely like our sarcastic conversations about nothing and also picking on Kelsey. I hate that you know you're smarter than I am. You're one of my favor-

ites at Hoosac and live it up during your senior year next year. ALL I DO IS SEWAAAAA!!!!

Coach- Dude you really kicked my butt this year in hockey. There is no way I will forget the monday bag skates, they got me in shape.

Ms. E- I know you are going to miss me :). I liked our deep conversations in class and at lunch. You always tell it how it is and if nobody likes it then to bad. I had fun playing chess with you every now and again and also the trips to Dunkin' Donuts. You are definitely one of my favorite teachers and taught me a lot about life. Hopefully we can make that Taco Bell trip we've been trying to plan with Ryan Allen. I am going to miss you next year for sure.

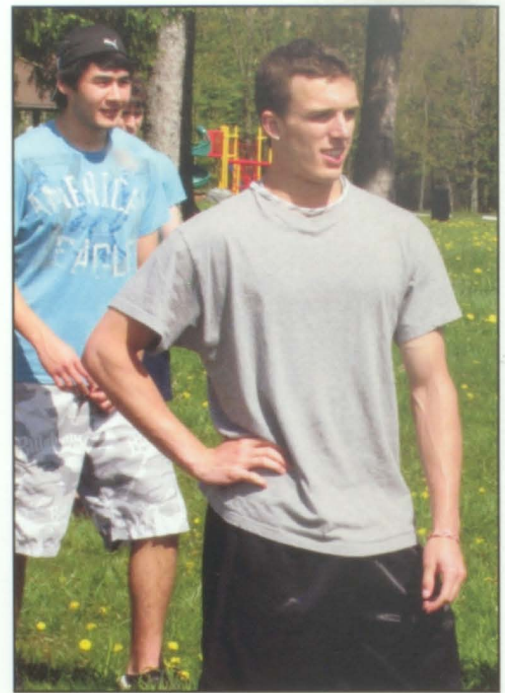

Miss Kelly- you are the bomb. I never had you for any classes and we still hung out all the time. I would come to Tibbits during free time just to watch T.V. with you. But when Tuesday night came around, everyone had to be quiet when Glee was on. I definitely earned my title as a Tibbits girl. :)

Ms. E- Ms. E!! kk I think it was really fortunate to meet you as advisor. Whenever I have hard time, you try to help me and share my difficulties. I thought time would not go fast but now it is time to leave you. Actually, I worry about my college life next year because you won't be there to advise me. However, I believe I can achieve my goal in Cornell because I learn important lesson from you. You are so great person that I can depend on you. Thank you very much Ms. E for being my mom in Hoosac.

Ms. Stulz- Hi Ms. Stulz. I had your classes for 3 years. At first, it was really hard for me to follow your classes but finally I could earn many things from your classes. I first came to Hoosac at the age of 14. Five years passed by like a flash. When I first came to Hoosac, it was something different than what I had expected. The long journey of five years left me with many unforgettable memories. Hoosac School has had the most influence on me and shaped me to become who I am now. At the beginning, I hated Hoosac. I was too young and it was difficult for me to walk through a much different environment solely by myself. However, now I can finally say thank you to Hoosac School and all of its associates. Now I am ready to move on to the next chapter of my life.

Mom & Dad- Thank you so much for the opportunity you've given me to attend Hoosac. I've been very immature through out my entire life. Now I realize that it is time for me to move on. I will fix things and improve myself step by step. Thank you for trusting me. I love you.

Ms. Stulz- I greatly appreciate your help and advice. I would not have graduated without your guidance. I do not know how to thank you. The next time I see you, I will pay thanks to you by being successful with my life and at college. Once again, thank you so much.

Mr. Kurland- Thank you so much with my college application process and for being a great dorm parent. "Dong" is finally graduating and going to college. Thanks.

Mr. Horne- I feel like I am lucky to be a part of the last ethics class. Ethics class was one of the few classes that had some impact on me. The lectures made me think more about life. Thank you. Have an inspiring time in Thailand.

Mr. Cochran- First of all, I want to say that I thank you. I cannot believe it has been five years and I am finally graduating. Thank you. I will do a lot better in college and in the future.

Mr. Buttenheim- Mr. B, thank you very much for trying to guide me to the right direction. I will miss the days of your classes and donuts. Now, I am proud to be a Hoosac graduate. Thank you very much.

Mr. Lomuscio- Thank you for everything. Have a wonderful time after your retirement.

"Wait a sec, could this be?" Now I know for sure, we added another member to our wolf pack. Four of us wolves, running around the dorm together, waiting for Foster to come down and yell at us! I could not have asked for better roommates, you guys were all like brothers to me. I have so many good memories of us. Tommy we miss you here in the quad, but don't worry, your spot isn't going to be taken up by anyone! Lil Eddy, I'm gunna miss your cute lil room designs that you always come up with. I may have to call you to come design my room at home for me! And Jinny, you were the first Korean person I have ever talked to! I'm gunna miss you alot man, and hopefully I can see you next year! Love you boys!

Germain and Bragga- I have never met a person quite like Germain! I will miss our adventures that we had biking and rafting, it was great fun! Oh and thank you for SOMETIMES backing your Canadian boy up when I got into arguments with the Americans! I'll miss you Germ, hopefully I will see you sometime this summer. Bragga, I will never forget you. You make me laugh after everything you say. Even though sometimes I don't understand you, like if there isn't swear word in

Mom and Dad- Thank you Mom and Dad so much for giving me this opportunity. I have have such a great experience. I had such a fun year and made so many friends and memories, and I owe it all to you guys. I love and miss you guys!

Quad Boys- When I first came to Hoosac, I was a lone wolf. But when I met Tommy and Jin, I knew that they were one of my own, and my wolf pack grew by two. So now there were three of us in the wolf pack, I was alone at first, and then Tommy and Jin joined later, making us three in the wolf pack. Then three months later, I was introduced to Eddy, and I thought to myself

your sentence. I'll miss you Bragga, hopefully I will see you next year. Oh, and I'm still waiting for my lesson from you on how to start a fire.

Frenchies- My entire life, I have dreaded going to French class, but my parents forced me to take it, though I never saw a purpose in it until I came here. Thank you boys for making me want to get better at French! I'll miss you boys and hopefully I can come see you guys this summer.

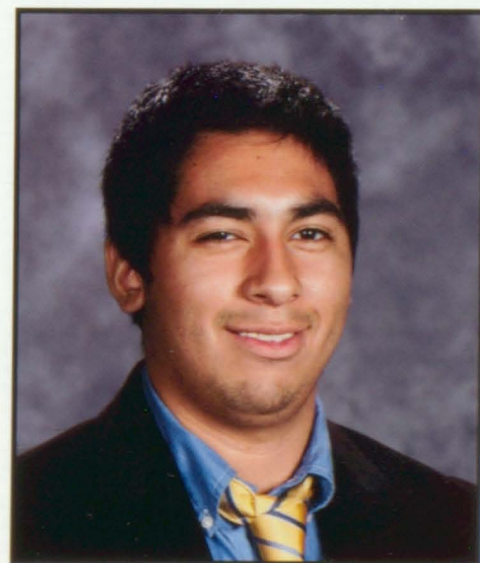

Jason: Thank you for helping me pass math. You are the smartest person I have ever met in math! I'll miss you Jason, good luck next year at Berkeley.

Ms. Stulz- Thank you for being my advisor this year and helping me succeed in school.

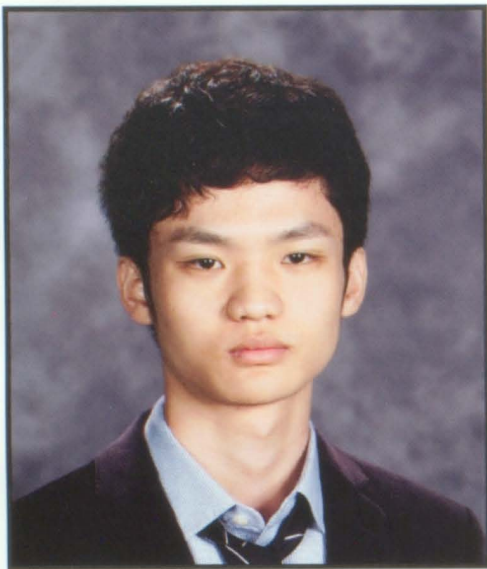

Mr. Foster: Thank you for putting up with us this year. I know it would be difficult to live above a dorm of 14 teenagers who have too much energy sometimes. Thank you Mr. Foster.

Mr. Fedor- Thank you for teaching me how to play baseball. You have kick starting my baseball career! When I make the show, I will send you some tickets so that you can come and watch me play.

To all Hoosac Faculty- Thank you very much to everyone of the Hoosac Faculty. This school has changed me so much and I have loved my year here. I will never forget this place. Mommy & Daddy- Thank you so much for always standing beside me with whatever I have done. Hoosac has been such a good place for me no matter how much I would complain, which was a lot. Mom thank you for helping me with all my college visits and helping me believe I could do anything I set my mind to. Dad thank you for being such a kind person and always having my back through everything. I love you Both so much.

David- There is so much for me to say to you but clearly not enough space to do it. You know how I feel about you and words can not describe how much I truly love you. You have helped me become who I am today and I don't because of you who I want to be in the future. We have gotten though so many ups and downs together and I feel like we can go through anything. You have helped me this year in so many ways and I thank you so much for getting me through the hard times. The first day I meet you and talked to you I was like ohh that boy is cute and you called me Andy, haha can't believe we meet like that. You always told me to get through it this year and it will always get better and hearing your voice everyday help me be sane here. You are the perfect person for me and Hoosac has given me someone that can never be replaced. Seeing you over the breaks always reminded me that I love you so much and I don't know what I would do without you. You make me so happy and feel like such a loved person and that is one of the greatest things I could ever have. I can't wait to see what the future has in store for us, but I know it will be together. "If ever there is tomorrow when we're not together... there is something you must always remember, you are braver than you believe, stronger than you seem, and smarter than you think. But the most important thing is, even if we're apart... i'll always be with you". PS I love you

Will, Spencer- Love you boys so much!! We have become such good friends this year and it feel like we have been friends forever. Will you are such a good person don't let anyone ever tell you differently. We weren't close last year, but this year we become like bffs. Watching movies and talking about my life problems was always fun and walking you back to your dorm haha. Thank you so much for being here for me when I needed it. Good luck with senior year next year, don't forget to live it up. Spenc you were like my little brother this year but even closer. We always had so much fun together, on the lax bus rides to dancing and when you fell on your face while spinning and then cut mac with your braces, to just being completely stupid. Your such a funny and good kid, please don't ever change who you are for anyone. Good luck next year Spencer. Both of you better keep in touch or I will be very angry.

Travis, Julian- You always knew how to have a good time and always wanted to have a good time. I feel like you, me and kris were always up to something. Hold it down next year, you are one of the only remaining "cool kids" left. Good luck next year TBobb. Julian Even though you were never here because you are the luckiest person ever I always liked to hang out with you. Good luck at Pace next year and actually try to go.

Mac- ohhh the cocky frenchy, I know your actually a good person at heart.. I hope. You always were down for whatever and a fun person to hang out with. Your life stories about Mtl were always so fascinating to hear about your clubbin. Good luck next .

Lavino Boys- Sick name guys. Well we went through our good days and bad days, mostly Bragga...LUV YA KID. Between the dorm wars and parties with flashlights or the camp fires, McCullough and Lavino always knew how to have

a good time. Good luck to all of you next year.

Ari- Wow three years together in this place and It is over, I can't believe we survived. What would I have done without you! Being roommates with you was so much fun and I couldn't have asked for anyone better. I remember the 1st day perfectly, I walked in and you were already there and I looked at you and I was like well this is just great. But then we decided to be friends and it has not changed since and we came up with LAABFF.. haha what were we even thinking. There are so many memories with you that I wouldn't trade for anything. The chapel, sitting on the road talking about our future and life, walking in the woods and thinking we were going to get killed, slapping you in the face to get up, dancing on desks, getting up at 7:58 and running to chapel looking like crap, soccer season. There are so many more that I can't say and to many to write. Your friendship means so much to me and I can't believe I won't be seeing your face the first day of school at Hoosac anymore. Good luck next year Ari and don't forget to tell me everything about your college life. Luv Ya my mexican!!! MEEP!!

Sewa- I would probably be dying somewhere if you weren't my mother this year, and that's the truth. This year we have gotten so much closer and I am so grateful for that. You always looked out for me when I was clearly unable to and I thank you for that also... but you know I saved your butt a couple of times too. You are such a great friend and I feel like I can tell you anything, you helped me through any problem I had. We have had so many good memories like when I fell from the rope swing and almost died, or getting into fights at basketball games, being the rowdiest fans at basically any game, talking in your room about life in general...oh and going on nature walks . Sewa you are such a good and kind person, I hope you know that. I don't know what I'm going to do without you next year I may not survive and I know you will miss me dearly, you don't have to tell me =). You were always down to have a good time with me when you weren't in your little cave. I know you don't know where you will go to school next year but it is going to a very good school and you will make everyone envy you, so don't worry about that. I am going to miss you so much Sewa, good luck next year and I promise you will get through it. Keep in touch and make friends!!! Love you.

Kelsey- Kelsey I am so glad we became friends this year because you are literally so funny. I honestly didn't think we were going to be friends because of.. well ya know, but that soon changed and we became mad tight yo. I can't believe this year is over and I won't get to see you. Ohh the great memories we have are just epic. Bleeze, haloween.. not so fun, digging your car out of the snow, going to hockey and you thinking you saw a deer, the play, soccer season when we beasted out together, talking at breakfast and hearing the details about your lovely life, thinking about insults we could say to people.. that was always fun, and talking about the buffoons. Have fun next year, but not to much fun because I think we all know you know how to have lots of fun... Good luck Kels, I will miss you and keep in touch about everything that goes on next year. Loves Ya!!!

Kris- Hey Pal!! Kris what is right to say to you. Um you a crazy person but that is what I love best about you. I going to miss hanging out with you and hearing about your life adventures back home and how crazy it is. Our minds were always think the same thing.. well kinda and we always knew how to have a good time. I knew I could sincerely talk to you about anything and you had my back completely. Thank you so much for being such a good friend to me this year. I'll miss ya, and I for sure will try to see you when I'm in Mtl. Good Luck next year!

Dino & Tex- 3 years together guys and we made it yay! Tex having math class with together this year was a journey and a half because we never knew what was going on, it was great. We had some good adventures but I think the best is when we hide around the bushes with polo and Tootsie broken ankle. Good luck next year and I for sure will be expecting to see you next year. Dino the nature man. Always up to something that involved nature some how. I don't know how but you were always right about everything, it was always up to you on whether to decide about something or not. Your a funny guy dino and have a lot going for you. Good luck next year and don't get in trouble.

Carlo- Even though you left, you were one of my really good friends this year. Hopefully I will see you soon. Good Luck Next Year!!

Kristopher Pirocacos

Steven Burke- If you going to China sometime during the break just contact me. And we can find a time meet in the city again. Have fun next year!

Bebe- Three years, it is short and it is also endless. And some pieces will become the video tape. Take care yourself in the college life, don't getting in any trouble.

Terry- Thanks for gave me support when I really need it, and we have to make the time to meet again after we graduate from HOOSAC. Take care....dude.

Peini Su- <3 Coming into this year, I said to myself that I wouldn't find anybody that could mean so much to me because there wouldn't be enough time. But from the time I met you, I realized I came in to the school with the wrong state of mind. In meeting you, I have met someone who has changed my life forever. The year is coming to an end and our future together is uncertain. What is for certain is that you will be forever in my heart. Peini, I am going to miss you; I really hope that we can keep in touch. Have a good summer Peini<3

The Family- I just wanted to thank you guys for giving me the opportunity to go to Hoosac and live one of the best experiences of my life. I met great people, have done great things, lived a great year away from home. I want to thank you for driving me back and forth every break. I thank you for this great opportunity that you have presented me with this year and I am very thankful for it.

Glazier- When I heard a new hockey player was coming right before hockey season started, I wasn't too pleased because it meant more competition, but after 2 days of getting to know you I wish you were here from the beginning of the year. We've had a lot of fun this year together from all the hockey road trips, to going to the gym early in the morning, getting beat up for fun by you and Carlo. Overall you have become a great friend and I can't wait until the summer when me and Spencer come down to Texas!

Carlo- When I first met you, I wasn't too sure what to think. But after a couple of months you turned out to be a great friend and someone I can really turn to for anything and everything. If it wasn't for you I think school for me would be a lot worse for me. We've had fun in Pitt dangling our way to get Chinese food, playing xbox until 12 in the morning on a tighty basis. Good luck with school next year, and remember to be your best at lax field. Keep in touch, bro.

Kelsey- Well Kels, the year is done. And as much as we've been looking forward to it we've also been scared of it. Our third period chats were filled with many funny moments, many sad moments. We have resolved so many problems in those short 40 minute sessions. Honestly if you were not there I don't know how I would've kept so calm in "those" situations. Or when I helped you with your tangled mess, I don't know how you'll survive without me haha, but our third periods together

Yinghao Qi

Lucy- I know you got a lamentedly love story in Hoosac, but you will meet someone who belongs to you. Having fun in college.

Potter- Chinese Tank, don't slow down your working out plan. And we definitely will meet in ShangHai during the summer vacation.

DJ- It is very great to be friend with you, we can meet sometime again, take care...

Ryan Allen: It's nice to meet you in the Hoosac school. Even then I hurt you sometime, but I didn't really mean to do that. Just take care and having fun.

Ms. Stulz- You are my favorite teacher in campus, thanks for teaching us knowledge and take care of me.

Mr. Butthenheim- It's very great to live in the Cannon house with you, and you make the tasty food. Thanks for take care of me in the campus.

will definitely be missed next year. We had our own emotional roller coaster every third period, and I'm so glad we became such good friends this year, you definitely had a big impact on my life. So this is au revoir. We will keep in contact no doubt, and I'll see you hopefully next year at Yule log. Good luck next year tabbz!

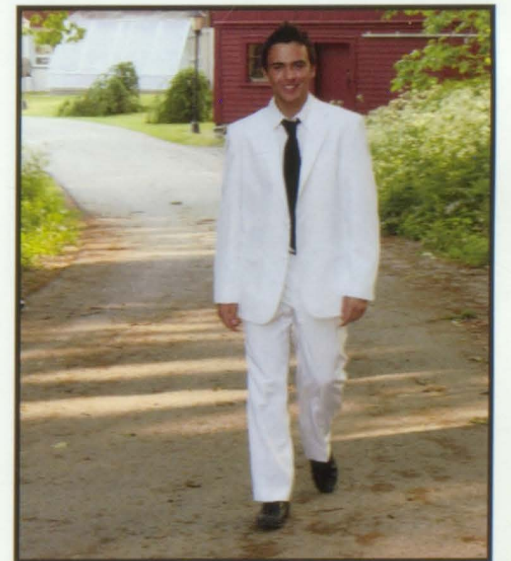

Jason Wu- You are my favorite roommate by far; I've really enjoyed living with you this year. Even though you didn't always have a lot to say I still had fun with you! Good luck next year!

Hockey Team- The boys, what is there to say? We suffered together through those early morning work outs, stuck together through the long road trips and had good times over all. I will never forget this team, to many good times; Tex and Flynn, I really enjoyed being on your team and you guys always had helpful tips for me on the ice and for that I really thank you. You guys helped me out a lot this year. Gorman from the first day we met you were a great friend and I thank you for that, and also will never forget our long weekend in Rhode Island! Tommy we had a lot of fun in Tibbits during free time and also in Rhode Island, I know what happened recently to you sucks but you'll come out of it stronger bud! Kris you always had something to say which is something I admired about you, and also will miss walking into a room and being called "sexi alexi". Bragga, you're a funny kid and I'm waiting for you to come down to Montréal. Germ, Carpi, Cote, Matt, Cody, Mac, I hope to run into you guys in Montreal in the near future. You guys are, too funny and I had a blast with you guys this year. Conor, thank you for waking me for the gym every morning even if I didn't get up all the time haha, keep doing it and ill become more consistent. Spencer, I enjoyed your awkward sense of humour right off the bat and am looking forward to going to Texas with you this summer. You've made me laugh so many times you're truly a

good kid. Dom, we didn't spend much time together but I won't forget that first long weekend in October. PJ, your comments and interviews are by far the funniest ever. Hopefully we run into each other and hit it up in the clubs. Eddie you cute little guy, I'll miss seeing you around next year. Travis, we had the best set up for bag seats on the road trips ha-ha. Good luck next year boys.

Coach- As much as I hated waking up for those hills, running at 5 am, Thursday mornings, and bag skates, I do thank you for making us do that because it made me a stronger athlete and stronger person. Thanks coach.

Mr. Horne- I want to say that I guess I am lucky to have the opportunity to be in your class this year. Everything that you have taught us was truly mind boggling, and I hope to keep learning and use everything you've taught us in the future. Also being a part of the Bubo society was a great thing, thank you for this year.

Ryne- I know in the beginning of the year when you came we didn't really like each other, but that somehow all changed when you starting writing your love letters to me..hahaha. The Reverend Gavitt Memorial Window

Christ the King Chapel
Hoosac School, Hoosick, NY

Dedicated in June of 2010, the Gavitt Memorial Window was generously donated by Hoosac School Alumni, Al Keller (1956) in the memory of The Reverend Canon Loren Nichols Gavitt (2/13/1900 – 2/23/1972).

Father G, as he was widely known, graduated in 1927 from the General Theological Seminary in New York, and is fondly remembered for creating a safe and stable environment for troubled students, at the Parish of Grace and Holy Innocence Church at 498 Clinton Avenue, Albany NY, along with Fr. Reynold D. Mc Keown.

Father Gavitt achieved success with his students by nurturing rigorous participation in Rectory life, which required full attendance of all church and academic activities. His students were forever grateful for the second chance they were given, and the unconditional love provided in the structured and supportive environment at Grace and Holy Innocents was based on his no nonsense, New

England outlook tempered by his uncompromising generosity and unshakeable faith in mankind. Father Gavitt was also a notable scholar, with a publication of the Book of Common Prayer, and as a Seminary Instructor in the field of comparative religion, and he was a well respected clergy member of the Albany Diocese. Hoosac School Chaplain, The Reverend Canon Clinton Dugger can also be counted as one with fond memories of the Father G's accomplished life's work for his flock.

The stained glass memorial window is a depiction of Christ the King (Christus Rex) with a robed Christ on a ruby cruciform inspired by the 13th century Florentine master, Cimabue, to depict Christ's sacrifice for all, and his Passion is symbolized in the grapevine diapering in the blue background. There are two small icons that represent each Joseph of Arimethea and Simon of Cyrene. Joseph was a wealthy individual who bravely approached Pontius Pilate after the Crucifixion to request Christ's body which he then laid in his own tomb. Simon of Cyrene was called upon to help Christ carry the cross on his way to be crucified. Simon's act of sharing the burden, and Joseph's act of humility to help someone less fortunate are both supreme qualities that would symbolize the life of Father Gavitt. Two angels flank Christ and the one on the left holds a thurible or censer, and the figures are set under a gothic architectural canopy.

The window contains 180 individual pieces of mouth blown glass in a mixture of flashed glass and full antiques in variations that include the school colors. All the painted details required multiple kiln firings for the glass paint and silver stain treatments. The window was designed to create a jewel like texture to harmonize with the wonderful old masonry wall, but with restraint in order to preserve the intimacy of the chapel. It is hoped that the story of this memorial will help inspire the student body and visitors to the chapel for many generations to follow.

You've come a long way Annie! And so many wonderful experiences lie ahead of you. We're so proud. We love you.

**Congratulations on a great year!
One more year to go!**

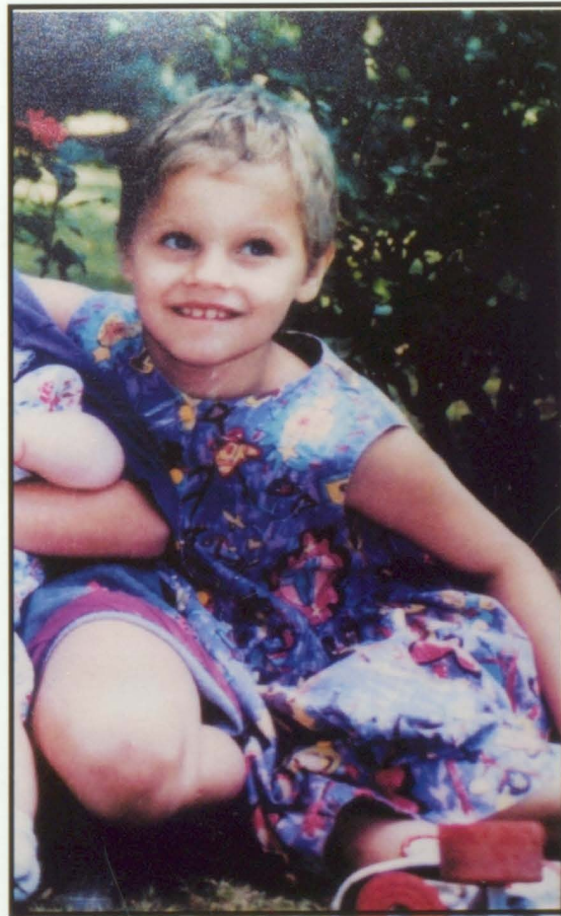

Roxanna Jaelle Shrager,

This has been your last year in high school and you have grown up so fast. Once upon a time, you were a little noob with a loud voice. Soon enough you were a medium sized noob with a Sony camera. Today, you are an average sized noob with the best personality anyone can ask for. You have three sisters that adore you, three brothers that care for you, and two parents that don't understand how they've gotten so lucky. We know you will do well at St. Vincent's and wherever else you go as long as you try your very best and are reasonable. Do us all a favor and keep being the funniest and prettiest girl we know.

Much love,
Forever and always,
Your loving family; the Shragers
