**Mom and Dad:** Thank you for giving me this great opportunity. I have had some of the best times of my life and will use the skills I acquired here in my future ventures. Merci, je vous aime.

**Fede:** I had a great time with you for the few months you were my roommate. I missed you this year. I was bummed we couldn't execute our plan of having a pool in front of Cannon. I can't help but contemplate the year that would have been with you as my roommate. I probably would have beaten you with the Tigras many more times... ok probably not that was a onetime thing. I wish you best of luck and hope to see you in Montréal soon.

**Bragga, PJ and Conor:** You guys are the greatest. I have some of the fondest memories of my times

**Coach:** I can't believe it's been three years. I remember the first time I came here and you told me to just go to the gym and you know if you didn't tell me to do that I wouldn't be the kind of guy or hockey player I am today and I thank you whole heartily for training me and getting the best out of me each and every day. **Jin:** My favorite Korean brother I can't believe me and you became roommates. I can still remember some of the discussions we had about sports and schools. Some of the classic times of wrestling and you getting hurt by yourself and then me laughing so hard that I would run into the bed frame or something and hurt myself also. Jinny I'm going to Korea and visiting you for sure and when I do we'll have a great time bud

# Cody Billig

PJ, my captain, one of these days, I will have to take my beaten down car and hope I am able to make the trip up to Whitefish without having to call a tow truck. I will have to see for myself if this tiny little town is like all the stories you tell. Bragga, you are my boy. I will never forget your little Boston accent and all those times we just chilled or went to the rope swing. Conor, I will miss just hanging out with you watching movies or just having a conversation. I will miss those mall trips roaming where we roamed around the mall aimlessly. # Mackenzie Brasloff

has been amazing with all the extras like Will's screaming louder than the blue horn. The bathroom showers are amazing eh! Nick sorry for that hot and cold Sunday afternoon. Almost forgot the man of the hour Burke I hope everything goes well in your retirement. I love you Matty, Lucas and even Lang Kai. You're my big baby Spencer I love you man! Neo I'll never forget you favorite Chinese person of all time.

My first year I lived at Dudley with Mr. Uhl and Bobcat, there were great times in that dorm like 2 on 2 nhl with Trav Dom and Julian. From chilling or watching Travis beat Spencer up (Dark second year) to the boxing matches with Evan in the hall. I was always lucky to get great bathrooms and showers. I'll never forget catching Dom on tape.

**The hockey boys** will always be in my soul, if you ever want to have a good time my home is always open unless you're from Toronto! I want to thank Coach Gary for helping me on and off the ice and Goodrich for stepping up in the middle of the season and trying to help us win. The D bus has been great from helping Cody with

One thing that I'll never forget about Hoosac are the memories I made, but first I want to thank my parents especially my mom for helping me through my high school career and the years to come.

**Memories: Wood Hall**, from strobe light shower dance parties to Gadoux feeling sick after that NHL game, a lot of great things happened like People rapping in Dj Franz beat laboratory or the millions of NHL games that went on in our room. From Steve's crazy work outs or his problematic attractions towards me. Wood hall

**Ryan Allen:** You are the best friend I've ever had at Hoosac, and one of the best overall. I can't believe these two years have gone by so fast, but its even harder to believe we've only been friends for two years. Even though we spent our glory days in Whitcomb, I still felt like we bonded a lot this year as roommates. After being together so much, we had our disagreements sometimes, but I think in the end it made us better friends. One of the saddest things about leaving Hoosac will be splitting with you. I hope you do well back in public school, I'm sure you'll enjoy it more than Hoosac.

**Peter Son Dae Ho:** I'm glad we got to know each other much better this year. You're definitely one of the funniest people I've ever met, and I enjoyed having you as a roommate. You're the only other one graduating with me that came and left the same times I did, so let's make it count for something. Good luck at American University if you end up deciding to go there! Wha say!

**Kelsey:** It's finally over, although by the time you read this we'll probably already be in college ha ha. In any case, we made it, despite all of the people we had to deal with to get here. Stay in touch and good luck at college!

**Sewa:** Sewa you're probably the only person who stayed at Hoosac whom I was friends with all four of my years. Hoosac's changed a lot, but so have we, and all we can take is what we

learned from it.

**Gerard & Evan:** One more year Dudley boys! It might be tough with all of your oldest friends leaving but hang in there, make a few more good friends, and try not to party too hard. Next year will fly by even faster than this year, especially once you have college squared away. Hang in there and good luck!

**Cody, Victor, YiWen and Yaro:** Cannon boys! It's been a crazy dorm, and there are more memorable events than I can remember ha ha. Even though some of us didn't always see eye to eye, we made it through with minimal changes among us. For those of us graduating, good luck at college, and for those of us staying one more year, hang on. Just kidding.

**Ari:** I'm only writing to you because you yelled at Kelsey for not writing to you specifically. Nah I'm jk. Now that I'm free, we'll have to meet up more. It'll all depend if you transfer or not, but we'll find a way. Now that Hoosac is over "Everything's.... better :)"

**Terry and Luke:** The best Chinese kids to ever go to Hoosac. We have to hang out in the

Côté and Carpi to rapping and roll calling with Dark, Braggz, Steve and big luck. Or riding with Eddy and Braggz

Almost forgot about October's fantasy (first year) with my girl Kelsey and helping out my boy Braggz and all the others that were there.

**To my French boys** Carpi, Gadoux, Côté, Felix, great times from serious Carpi to loose Felix and his terrible hearing and poor eye sight. Wish I could write to you guys in French!

**To my Cannon boys** second year was good from PES or Peter's singing and the times we had, damn that popcorn is good. Yaro going to miss you Russian man! Ryan and Steve you guys are going to stay in my heart love you boys.

**Lavino:** Probably the biggest beauty lives there PJ The party guy my good friend or even my tectonic friend, MTL and Whitefish finally reunited. Proctor me and you had some good times. Jinny you American Korean hope MTL is what you expected it to be.

**Kenny Quad:** From the raps to the NHL games to chilling in Pitt 2 on 2 soccer to chilling in Wood Hall going to miss you boys.

**Annie,** going to miss our hate/love relationship.

**Tex** I'm going to miss your little visits and our great time we had my first year.

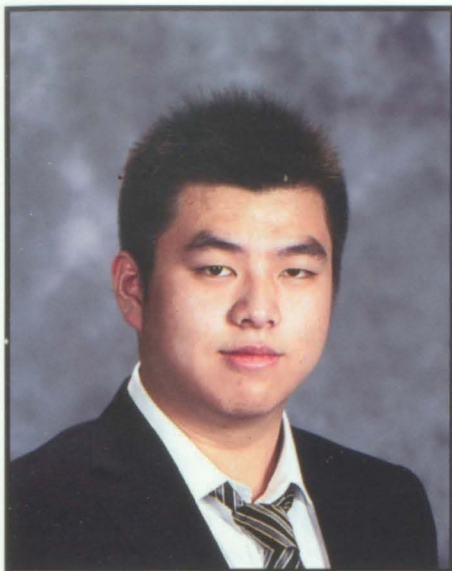

**Kelsey:** We had a nice run from spring time my first year to all the memories from our second year. Our relationship is complicated but I'll never forget it.

future, and I'm trying to come back to China again.

**Tae-II:** "Hi I'm Tae." One of the saddest things this year was seeing you go. You'll be a Whitcomb boy for life. You know what I'm sayinnnnnnnn?!

**Carlo, Tex, Dino:** FREEEEEDOOOOM-MM!!!!!!!

**Steve:** a lot of good times this year, strobe light party, rearranging the dining hall, loved chilling during hockey wish it was a better

This year for me was interesting to say the least. I learned a lot and, honestly, I definitely would not be where I am going without Hoosac. I went through some tough times at Hoosac. Being in another country 8 hours from home wasn't as easy as I thought it would be but this experience has made me a stronger person in the end. I leave this year, taking with me a few friends that I will never forget.

**Jon Schmer,** to be honest never really got to know him until he came into the Lavino quad in April but I like his style. He is always positive and looking to have fun and I enjoyed spending time with him.

**Will** was a great friend to have this year. I never thought I would ever get to befriend a kid from Texas because I honestly never thought I would have the opportunity. I remember when I met Will for the first time when I toured the school. He is such a great guy and I wish him all the best in the future.

**Conor** was also a friend that I will always remember. I remember going to the gym the first day of school with him to work out and I thought, "Wow, this kid is crazy!" He turned out to be a great guy and a great goaltender as well. Best of luck in the future.

**Sammer the Hammer** is definitely one the coolest guys I have ever met. He marches to the beat of his own drum and I love that. I still cannot get over his Rhode Island accent and he is never afraid to tell people what he thinks and I have a great amount of respect towards him for that. Sam, if things continue to go well for me like they have

been, I will be seeing a lot of you in two years' time.

**Spencer Corkery,** my fellow Ontarian. You are one hell of a goalie and I hope you never forget that. I think that he is without a doubt one of the nicest and funniest guys I have ever met. I will always remember chemistry class with him. Spence, I hope you have a great time playing lacrosse and best of luck in your future endeavors.

**Jbraggz,** I never would have made it through the year without him. He was always there to cheer me up, support me and give me guidance. I will never forget our...sessions and spending my free periods blaring rap music (which I hated) while sitting on the couch playing NHL. Hopefully our paths will cross sometime soon. John, you are one of a kind and hopefully we will be roommates again in the future ;).

**Last but not least, FD.** You are my brother and my best friend. If there is one person I will stay friends with for life, it would be you. I will never forget the times we had and I am looking forward to starting another year with you next year. If there is one thing I want you to know is that I will always be your friend and don't ever stop being yourself. You are going to go places in this world

# Tyler Collard

## The boys:

**Gwen and Proctor:** Gwen I'll never forget Yule Log, Proctor the dinosaur, a couple good times in your room, keep in touch boys I'll miss you guys.

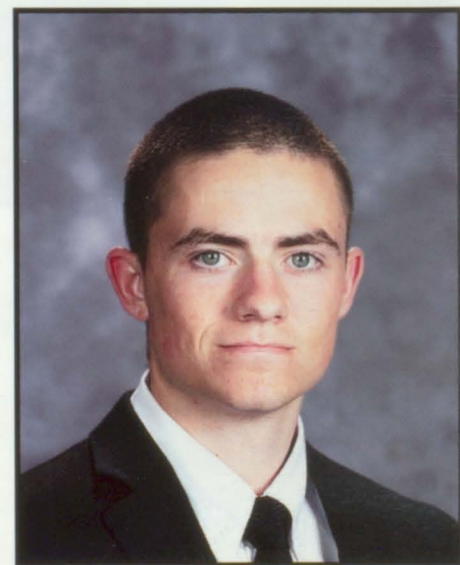

**J Braggz and PJ:** My Boston boys, great to meet you hopefully we'll be playing puck next year it would be unreal. Boston all day kiddo. PJ you're a true beauty, great leader and my good friend, hell of a time on Yule Log keep in touch.

**Tbob and Quad:** These dudes for NY, Tom Hanks, to many good times, Tbob breaking a back board, Quad spitting fire, Quad the time we ran with the Chinese I'll never forget it

**Gadou and Felix:** Coolest Frenchies I know, Gadou you scored some of the prettiest goals I've ever seen, I know you going to be successful, Felix good times in chemistry, good luck next year in hockey I know you're going to make some noise, stay in touch fellas.

**Sara and Kikyou:** Cool Chinese girls, Sara you give great haircuts I hope I get to see you in China, Kikyou the Jester some fun times this year, keep in touch I'll miss you both.

and I am glad to be the person that helped you get to wherever it is you will go.

# Victor Contreras DeVega

First off I'd like to thank my parents for providing me with this opportunity, I appreciate it, and I will never forget what you went through to give me these opportunities.

**Memories:** First day of Hoosac, meeting people from around the world, Ari's math cheat sheets, English class, bus rides, going down to the rope swing, sliding down the icy rode after supper, ping-pong faze, Thursday morning workouts, hanging in front of wood, hall surfing with Clew, the view, tanning on the hill, hanging before history, sharing shoes for chapel, the power outage, studying by candle light, lacrosse bruises, role calls, the dance, crazy taxi ride, Canada vs. USA debate, movie trips, Six Flags, walking down the entire river, giant snow man, rip-stick, wrestling in Dudley, boxing in Dudley, hide and go seek tag, swimming in the pool, hills, dance with PJ and Marco, the play, making new friends, and growing up.

**Will Flynn:** It's been a great two years with you, even though it started off slow. Hockey and lacrosse practices wouldn't have been the same without you. One of the best trips of my life was spending a week down at your house in Texas.

**Nick Clewer:** What can I say? You're nothing like anyone I've ever met. You and your one-liners I will remember for a long time. I'll also remember you blasting music first thing in the morning, but then getting mad at Xinmin for putting his on. I had some great times with you, I'm glad we got paired up as roommates.

**Matt Hasenfuss:** We had some fun times. Like going to the movies and hanging out at Wood during study hall. Hopefully by the time your reading this you will have helped me reach the scoring title.

**Travis Bobb:** Being roommates with you changed my concept on life. Haven't decided if it was for the better or for the worse. Had some of the best moments of my life with you and Dom. Definitely remember you in the closet,

and Dom and I in a pillow fort trying to protect ourselves from the random flying object coming from the dark.

**Lucas, Mac, Eddy:** You three were a crazy combination of kids, never kept the room the same way for longer than a couple of weeks, Eddy had some crazy designs. Lucas, you're one big kid, hope your hockey career takes off and you go somewhere big, Eddy even though you didn't like me at the beginning, we became pretty good friends afterwards. Keep up with the music stuff you're really good at it. Whack Mac, all those bus rides together back to school were great, you probably should have kept a closer eye on me in MTL, those girls are tricksters.

**Steve Whyte:** Made some good memories with you. Like sitting in the seat beside you and Dark on the hockey bus. Hopefully by the end of the year you'll have me in top physical shape with insanity.

**Marco Scotti:** Had some crazy times with you, some I kinda wish didn't have to happen, but when you go DARK there's nothing telling what you might do. Conor Jordan-its been a fun two years, we had some crazy math classes.

**PJ:** My Ontario boy! It's been a great two years with you. Never forget your sarcasm, or straightforward comments even if they were a little harsh.

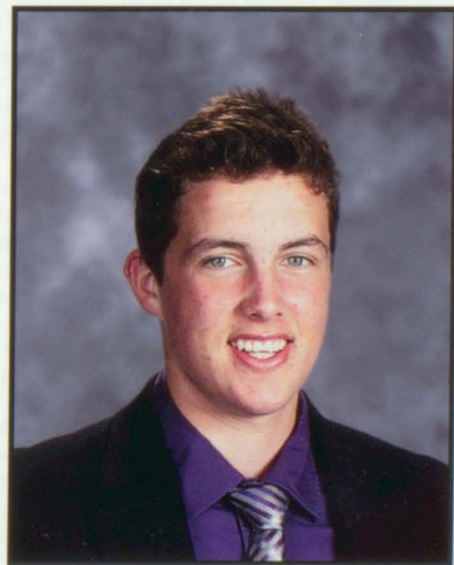

**FD:** "And it is" I'll never forget your classic one liners or our fist bumps in math class

**Proctor, Gwen:** You guys are crazy! It's never a dull moment with you two.

**Bragga:** Had some good times with you, too many to count. Keep up the sports, you'll do well you just have to choose one.

**Jin:** My Korean buddy. I'll never forget math, physics, ethics, soccer and lacrosse with you, I always had fun. Kelsey Tabor- you are a weird person. But I had fun with you either way. I was always able to get a laugh out of being in a situation with you. We had some good times.

**Family:** Thank you for you all of your support and encouragement. I'm the person I am today because of you guys. I love you and thank you.

**Stephen Burke:** Can you believe we survived?? This year has gone by so fast, sometimes it still feels like we are in September wondering if the time is ever going to go by. We have definitely seen a lot together in our time here in Hoosac and have acquired memories that we would probably never get anywhere else. Good luck next year and stay in touch!

**Hockey Teams Past and Present:** It's been an amazing experience being a Hoosac Owl. There were so many memories that I will forever remember. Winning the Shady Side Academy Thanksgiving tournament is something I'll remember for the rest of my life. I'll remember the infamous Thursday mornings, the every Monday bag skate routine, and the countless hills I ran. I'll remember all the speeches I have heard over my career including Burke's Rope-a-dope speech. Make sure All you boys keep in contact. This year was my best year of Hoosac Hockey and I love everyone of you boys. It would not have been possible without any of you.

**Nick Clewer:** We didn't really start the year off too hot man -- weren't the tightest of guys. But over the months me and you kinda loosened up and became pals. I'll always remember watching hockey on the couch with you in the Wood Hall Common room, and telling some of the most random storie I've ever heard or thought of. It was a pleasure to be a team mate and a dorm mate of yours. I will always remember you flipping the 6 foot 4 Kent defense man in our last game of the year. You're tough as nails kid. You will be successful in life.

**PJ Lepage:** What can I say PJ we have had an interesting last two years. I'll always remember you reppin Whitefish 24/7 kid. You are a great guy and I love your beauty sayings. Good luck in Pre-Med and eventually Med school.

**Marco Scotti:** God you crack me up man. You always have the funniest most random outbursts and they get me every time. I love it when Dark Mark gets Dark. I'll always remember us being mathematically challenged in Pre-Cal.

**Kelsey Tabor:** You've been one of my closest friends at Hoosac. You were always there for me when I needed help. I'll always remember the countless texts I got on Sunday nights asking what was due the next day. I'm glad you're going to school in the south because you are a southern girl

**Ryan Allen:** I'm glad I got to really know you this year. You often brought a smile to my face just by wearing one of your spiffy bow ties. Good luck next year wherever you go. I think you are smart enough and have the right personality to get yourself far in life.

**Bragga:** First off, thanks for bringing back SHOWOUT this year lol. Our little group definitely felt the lost of Annie and Germain but I think you and I held things down pretty well between Lavino and McCullough. I definitely appreciated your friendship more this year than last year, thanks for being there for me. Good luck with hockey next year.

**Gwen:** How's your ear doing?? Don't worry I forgive you for almost burning me while I was straightening your hair because you couldn't sit still haha. Thank you for letting me get away with all my little childish pranks. Good luck next year!

**Schmer:** So often did you bring a smile to my face with your inappropriate gestures and more inappropriate jokes. I'm not going to forget the endless talks we had while playing some random sport or watching some "interesting" movies haha.

**Damani:** One too many memories to write down and many too personal to share. I truly appreciate the friendship we have. Often you made me smile just by giving me the face :~½ Thank you for just being yourself and usually keeping me laughing. Good luck next year and take care of yourself. YOLO lol

at heart. Keep in touch. I hope to see you on my TV one day. P.S. If you're the next Oprah you'll need a manager. :)

**Spencer Corkery:** You are the goofiest, Doopiest kid I have ever met. But god I love you. It felt like when you first came here you were a little kid and I saw you grow up into a D1 Lacrosse prospect. I'll always remember you coming down to Texas and running through Hallie's House and opening the door and denting the door handle. I don't know what else to say but jeez you can play some lacrosse.

**Stephen Mata:** A.k.a "Gwen" Physics and Pre-cal buddies for life. I'll always remember our talks about fast cars. I'll always remember us getting into trouble with Ms. Stulz. You're tough as nails kid -- you played hockey even though your ribs were cracked! Good luck with your remaining years at Hoosac and whatever you choose to do after that. P.S. Come visit me in Texas this summer.

**F.D. Atkinson:** God I love you kid. It took a little while for you to warm up to me and the boys. You were a little shy at first. But god I loved the one-liners you threw out. They were always perfectly timed and hilarious. Good luck with whatever you choose to do next year and the rest of your life.

**Eddy Franz and Travis Bobb:** We have been here for 3 years and have seen the school grow and change. We have all grown up together, and we have all been through so much. Good luck in what ever y'all pursue.

# William Flynn

**Jabari:** My BFF!! Even though you pretended not to know I was referring to you, I know deep down inside you loved my attention. Try not to cry with me, your BFF, gone even though I know that will be impossible for you.

**Sara:** Good Luck next year my Chinese love, I'm going to miss you, but I hope we keep in touch and meet up in the city again haha ;) And who knows maybe I'll stop by Hoosac to visit you...

**Coach and Lee:** You two have literally been my parents away from home. You have taken care of me since my first year and even more my last two. You have both taught me many life lessons and have often saved me. Thank You for Everything!! I refuse to say goodbye so I'll just leave it at "see ya later!"

**Will, Scott, Kelly:** Thank you for allowing me to experiment in the kitchen and to gain some knowledge about cooking, especially when you knew how dangerous I could be. Thank you for allowing me to often come and just fill your ears with all my stories and problems (often having a solution for me). I'm going to miss you guys sooo much next year

**Mr. Cochran:** You are a wonderful advisor. Thanks for all the advice and support you gave me over the years. Thank you for all the advisee dinners. I had a really awesome time in your English seminar as well. Hope next year goes well.

**Mr. Robichaud:** Even though I gave you a lot of grief in calc class I truly did enjoy you as a teacher. Thanks for being there to take me to my driving test and cheering me up after I failed the first time. Now when I go to college I can blow away all my professors with all math knowledge like 2 + 2 haha.

**Mr. Ryan:** We have had our ups and downs, but the entire trip was truly a good time. Though I spent most of my time complaining I really did enjoy our basketball season. I'm going to miss our little gossip sessions and your attempts to match me up with different ppl hahah.

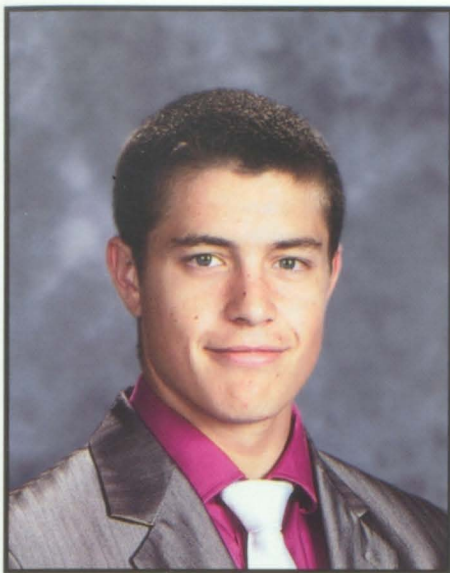

teenager to a man. You helped give me discipline, character, and leadership. I appreciate everything that you have done for me, and everything you sacrificed for me.

**Hoosac Faculty and Staff:** Everyone at Hoosac School has helped shape me into the individual that I am now. You all helped me mature as a person. You were always there for me no matter how much of a pain I was (especially math, physics, and chemistry) eh Ms. Stulz? ;). You all gave me the tools that I need in life to succeed. I am very appreciative of this and I would like to thank you all.

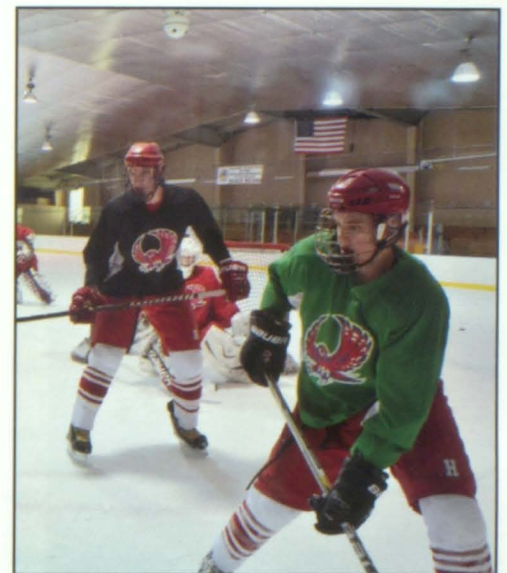

**Mom and Dad:** What can I say? You both have been so supportive and so helpful both academically and athletically. I appreciate it so much. I was not easy in my early years of high school. But y'all found a plan for me to succeed and for this I am forever grateful.

**Tianxing (Kikyou) Yan:** Definitely, you are my best friend in the school. In sophomore year, our relationship changed from roommates to strangers to best friends. In Junior year, we became best neighbors; and then, we always sit on my room's floor and talked about future, friends and the situation of the school with our favorite salt milk tea which others can not understand how weird our taste is. In Senior year, we do not talk that much even with other friends since Peini left and I go out with Karl, but we both know we are still good friends and one get into trouble and another help her out. You let me know what true friend is.

**Kaer (Karl) Wu:** Certainly, you feel a little bit angry and jealous because I did not write you first, but you know how significant Kikyou as a friend is to me. Sorry baby, I always argue with you with numerous weird reasons and refuse to apologize even though I know it is my fault. I will learn to be thoughtful. You are my sunshine. It is my biggest felicity when you accompany me. I will never forget the afternoon I met you in JFK. I confess I did start to pay close attention to you since one day's lunch because you give a feeling that is special and never can be same as others. Not enough paper can make me to show how much I love you and explain my affection. I will use my future action to make you feel it. I will cherish our affection and be with you together.

**Sara Sun:** Your good character makes everyone love you. Kikyou, you and I always hang out together with a high-sounding reason that is taking English classes in summer vacation at your home. We really had a good time. I hope we will spend more vacation together because we really have fun.

**Xiqing Yang:** Enjoy your last year in Hoosac which we have an impressive memory that never can forget.

**Mandy Ma:** Our good relationship since we had a same goal is getting skinny, and we really did it. Hoping more handsome guys will come and you can find a Mr. Right that

is suitable to you. Keep in touch!!!

**Jiawen Zhou & Jeff Wen:** You are the best couple that I ever saw. We have too many similar aspects and we spent good time in few long weekends. Every time we can feel the sweet. I hope you two can still keep dating. Cheer up!

**Rocher & Angela:** Thanks for helping my calculus and welcome to visit me in long weekend.

**Bryan Lu:** Don't be sad. I want to see that happy Bryan back. Nothing can destroy a person and only can make you stronger. Cheer up! Enjoy your senior year.

**Jack Hu:** Thanks for helping me in this three school year. It is my pleasure can have a friend as same as you who can make me want to share annoyance. Thanks for console me when every time I feel sad.

**Chen Zhen:** I have no idea about why I feel better when I am in a bad mood after seeing you. Anyway, I am glad to be with you in the same calculus class. You make the class more joyful.

**Will Flynn:** We did good job for our cooperation. Enjoy your college years.

**Nick Clewer:** You are a really good guy. Your encouragement is really helpful for me when I am in a bad mood. By the way, you are a professional hockey player. I hope I can cheer you up in another game.

**Mr. Lomuscio:** You are so nice to me since the first day I met you by an accident that you thought I am someone else in your office. Actually, I feel sad when I know the message of you would retire after my junior year because no one can give me same kind, but I am still happy because you can have a leisure time for relaxing in the countryside. Without in-

terference, I started to browse vocabulary books and give you a word every day. You give me the feeling like my grandpa. Thank you for changing me.

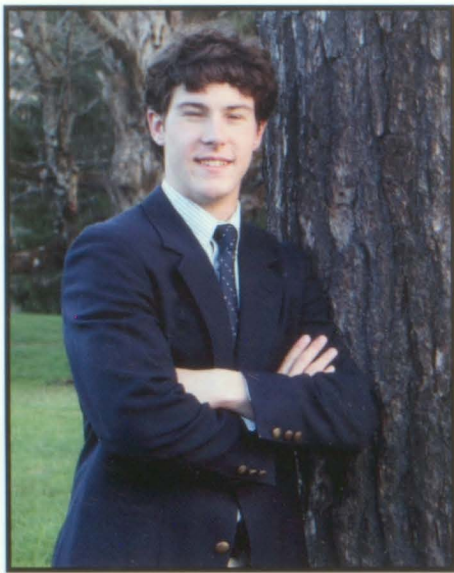

**Mr. Butteheim:** It is my luck that you are my last year's advisor. I really like the chicken that you made. Thanks for taking care of me and I really learned a lot from your teaching.

**Miss Kelly:** My KK, I live in Tibbits with you for three year, and work with you for dealing dorm's stuff. Also, you teach me a lot of the sport of lacrosse. Thanks for taking care of me and support me settle dorm's things.

**Mr. Robichaud:** My favorite handsome teacher, thanks for teaching me calculus which is very useful after getting into college.

you were always asking how I was feeling and that means a lot. I really wish I could have finished my senior season with you as my coach.

**The Boys:** I'm going to miss all of you.

**My boy Braggz:** These 2 years have flown by so fast it's unbelievable. I still remember the first "Ay you, Fluffy" hahaha you loved that. We need to chill a few times over the summer and get big! Especially those 9pm workout sessions, always pushing each other to our limits. We always had a bomb time together, no matter where we were. Going to miss you bro!

**Schmer:** Thunder buddy, I'm going to miss you kid, and don't worry I'll be back to visit you next year at Yule Log. Wish we chilled a lot more in the beginning of the year but we will make up for that, no worries. Our bro-bond is still as strong as it can get haha. We are definitely going to chill outside of school, I know we will.

**Cody:** You've got a lot of perseverance when it comes to school and I know you'll do whatever you want in life because of it. You are definitely one of my main boys on campus. Keep in touch; I'll be up in Montreal someday hunting you down to chill.

**PJ:** My ginger brother! Our gingeress has giv-

en us a special bond and I will keep in touch with you. I'm going to miss walking down to Lavino and seeing you barely wearing anything haha. I'm working on getting up to Whitefish someday and chilling with you. Have fun in college, and live it up while you can.

for cheap thrills and I love it. Whether that meant putting the new guys through some initiation, playing Frisbee in the hall, flooding the dorm, setting "leaners" up on other dorms, getting drinks for your dad at grad, and just living the dream in whatever possible way we could. You're an awesome dorm mate and you're always down to have a good time. Jinny, you were the first Asian person that I had ever talked to, so I was a little nervous when I found out you were my roommate last year. Especially because the first day you didn't say a word to us because you were so jet lagged. But as the days went on, you opened up to us more and more and now we are like brothers. You were such a good roommate last year that this year I had to come back and room with you again this year! We always had a great time together even though you would stay up late at night watching strange shows and be putting on light shows above my head all night! I don't know how you did it Jin, but somehow you managed to dorm with a bunch of us Hockey players and put up with us doing strange things and we had fun with it all the way through. You're the most easy going and caring person I know Jinny, I love you buddy. Goodluck to you guys in the future, keep in touch, and you had better get up to the dirty North so that I can finally see what Johnny would do face to face with a bear! Kidding bud, I just want to teach how to start a fire, because the last time you tried, we almost died of hypothermia. LDB.

**John Schmer:** Thank you for being such a great dorm mate this year. You're an awesome kid. We had a lot of Yo Pizza's this year and that made us better people. You're one of the most generous people I know. Good luck next year. Keep in touch. Love you buddy.

**Gwen and Tyler Proctor:** You crazy lil sons of guns! You guys are great kids. We had a lot of fun this year. You guys love to muck in the dorm. I was unaware that hockey was played in Florida until I met you Gwen. But it turns out, they do because you're very good at it (except when you're breaking ping pong tables). You guys together make such a fun combination and I can't stop laughing when I'm with

you. Thanks guys for making this year so much fun. Keep in touch and have fun next year boys. Love you guys.

**Eddy:** It's been a fun two years here buddy. Thank you for making my time here great. We all missed you greatly this year down in Lavino, but LDB lives on forever. Keep in touch and have fun next year. Love you lil Ed.

**Wack Mac:** When I'm with you Mac, I don't stop laughing. Whether that's because your stating a "Mac Fact," doing tectonic dance moves to impress the ladies, or trying to have a serious conversation that doesn't work out to your favour, I'm always laughing with you. I've had such fun with you over the 2 years I've known you. Thank you for always letting me come to Montreal with you and for showing how to have a great night in the city. Even though you're stronger than me, there's still one thing I'm better at than you and that is NHL 12. Good luck next year and keep in touch. Also, there are some people in Whitefish who I'm sure would love to have lessons, taught by a true legend himself, on how to dance tectonic, so you should try to make it up there at some point. Love you buddy.

**Dark Marc:** If I was in a house and there was an armed robber there trying to hurt me, the one person in the school I would want with me is Dark Marc so that you could go dark on him! I'll miss you a lot next year. You're always fun to be around. In sports, you had so much heart and you played no matter what and I loved being your teammate. In class you had trouble staying on your feet because the floor was usually soaked all around you. Good luck next year buddy and keep in touch. Love you Big Dark.

**Phil et Felix:** You guys are great kids. We always had fun whenever we were together. Thank you so much for being such good line mates this year. You made me look good! You guys are amazing hockey players and I hope you had as much fun this year as I did. I'll definitely miss playing with you guys next year. Good luck Boys and keep in touch. Je t'aime beaucoup mes boys!

**Travis Bobb:** Over the two years that I have known you, you have matured so much in everything. The first year you enjoyed getting into mischief which forced us to get into shape quickly. But this year you changed a lot in a good way. I am really proud of you buddy. You're always fun to be around. Thanks for making my time here great. Good luck next year. Love you buddy.

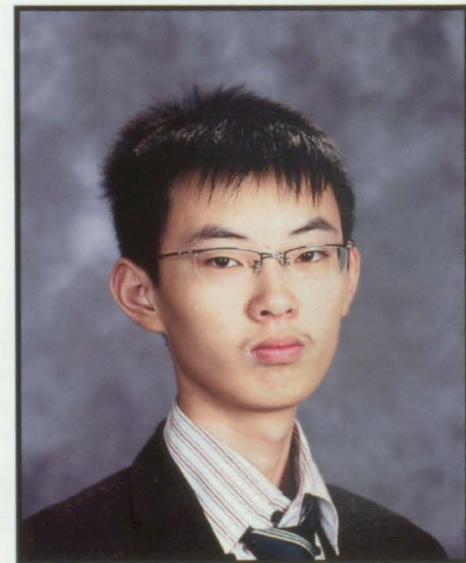

**Mom and Dad:** Thank you so much for giving me the opportunity of a lifetime to come to the US and play hockey. I love you guys so much. You have done so much for me all my life and I couldn't thank you guys enough. Mom, you have taken "uncomfortable" flights and driven all over the country just to help get to hockey tournaments, tour colleges, and to come and see me when I missed you and we had fun all the time! Dad, you work so hard at work just so that I can keep having fun in my life and you still come to see me as much as you can. When I grow up, I want to be just like you. You're my hero Dad. I couldn't ask for a better life.

**Johnny Braggz and Jinny:** When I first came to Hoosac 2 years ago, you guys were my first two friends. Now, we still are the best of friends and we always have so much fun together. When I first met Braggz he walked into the dorm with his hat barely on his head and tilted on some strange angle, you had sun glasses on, a tooth pick in your mouth, and he talked with some strange foreign accent. I thought to myself, "Well I guess I'm in America now." As I got to know you a little bit better, I found out that you are a straight mucker! You live

in that class, huh?) I wasn't going to mention the 99.5. Thank you for everything Ms. Elacqua! The "Where are you" story will be told for a long time. I will miss our

"loops" with Quad. I will miss the chess games, scrabble, the Big Bang Theory, your pushy microwave, doing laundry, and Darwin and Chesire. You are so profound, the kind of person that no one could ever forget, the kind of person that lights up any amount of dark. Now, every-time I see "27 Dresses" on T.V. I will think of you. Good luck with Hoosac next year. I will bring your earrings to you in Nantucket one day soon. I think you really are going to give me your pushy microwave. That was one of my more funny one-liners by the way. I will try not to let it push anyone around at OU, :P Thank you. Now, I am sure that there is more that I will tell you in person, but there is one more thing that I want to write here... Get ready because it is really profound... STALEMATE!!!

**Quad:** I had a few roommates over the last three years, and by far you were the coolest. We had the best room in Pitt that year. Had fun on the loops with Ms. E. Good luck with college and basketball. Word...

**Haylee:** Do you remember that guy in Washington? The guy near the White House? That was a great few days with everyone in D.C. It was nice to meet you, good luck with school.

**Sewa:** One of the nicest and funniest people I have ever met. I wish you the best next year in college.

**Miss Kelly:** First of all, A Spray... Lol. So funny the things that I could say. Watching the Superbowl with everyone in your apartment and Conor falling. Had a lot of fun in health class. Learned a lot. See ya.

**Bragga:** Funny being your roommate... Most interesting two weeks in Dudley, lol.

**To Blake and Maxx:** The two most energetic kids ever. I am blaming all of the hours of Minecraft on you guys. The many hours of it... Oh well. I will get my Xbox internet working at some-point and we will all play Halo, or Assassins. Hope Hoosac goes well for you guys next year, have fun. Good luck getting into West Point.

**Mr. Thomson:** The Sheriff. I will never forget sitting at your table

and you putting that hot sauce over everything, even other people's mashed potatoes or in their glasses of juice. The reaction is always the same too, people eating it or drinking it then bursting into flames, leaving nothing behind but a pile of ash, while everyone else is laughing and checking their own plates for brush fires. Good times...

**Mr. Cochran:** English 4 and the seminar third trimester have been great and hilarious at times. Thank you for that opportunity last May to take photos of the wind-turbines and see the governor. Also, thank you for helping me make the model in the wood-shop. I am sure that turned out nice.

**Kitchen Crew:** Will, Scott, and Kelly. Expect that package to come sometime in the future. I will miss coming in on those Wednesdays and Saturdays and cooking stuff. Kelly, the best thing in the world is your buffalo chicken dip. Have fun next year. Will, if you ever make that magnetic motor and become a billionaire..... Remember me.

Ian Richter, Stephen Burke, and Will Flynn- Simba... Will, good luck next year. Not sure if you got into OU at the point I wrote this, but I hope you did.

**Mr. Foster, Headmaster:** In our interview, you quoted Mark Twain: "It is better to remain silent and be thought a fool than to speak and remove all doubt." I think that speaks a lot to me. It was cool to be a part of Hoosac at the time of the transition from one headmaster to another. It was cool to see all of the changes that were made while I was there. I am wondering what the school will be like in 20 years. You gave me some great opportunities at Hoosac, including working with Galactica and that telescope. It seemed like I had only a few clear nights this year, but I think we set it up alright and got some good photos out of it. Thank you. Also, those fish that we caught with Sims were the biggest that I have ever caught.

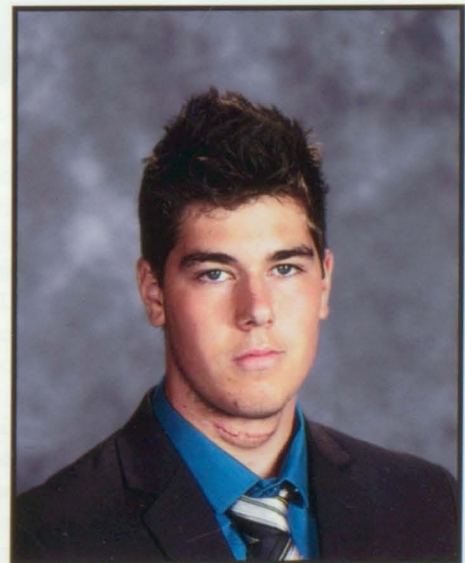

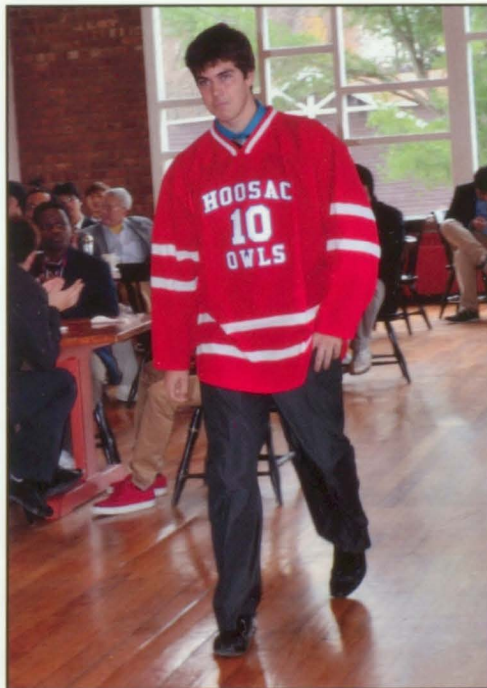

**Mr. Burns:** I hope one day, that I will be one of the stories that you tell your future classes. Great Journalistic Photography class, great Ethics class.

**Ms. P:** I can't believe that the avocados actually grew and did so well. When some avocados appear, let me know. I will fly up and we can make some guacamole. :)

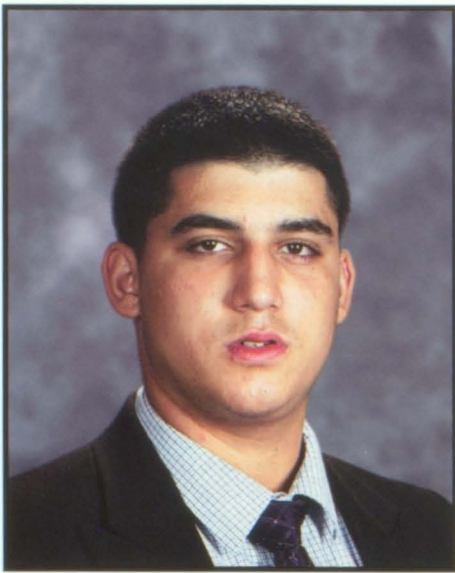

**Mr. Randel:** Not sure what to say with this one either. Great adviser through all three years of school. You could always make me laugh. Kevin's had the best food, every-time we went. I will keep in touch, good luck with the new advisees next year.

**To Mom and Dad:** There is so much that I want to write down and say on this half-a-page, but I know that not all of it would fit. I had three great years at Hoosac and have a lot of good memories from each. There were a couple of things with my first year, but those were solved. Thank you so much for this opportunity. I can't express how grateful I am. Your support and advice was always there when I needed or wanted it, and I know that I could not have accomplished so much without you. I love you both. I am sure that the cell reception will be better in Norman, hahahaha. Hopefully...

**To Ms. E.:** Okay Ms. E., here it goes... I know I have said it before, but I don't know where to begin with this. That sentence comes to mind, "it was a very interesting book to read." I will try to make this a little bit better. These few paragraphs won't be able to accurately describe our conversations, the one-liners, the chess games, or really anything over the last three years. You were the first teacher that I met at Hoosac, I sat at your table with David for the first week, and I had your English class for first period my first year. (A lot of characters were

**Mr. Cochran:** For 4 years, you have been not just a great teacher but also an example of a better man.

I really thank you for all of your concerns about me and I feel sorry that I had disappointed you several times.

Without you, it wouldn't be possible to make it to graduation. You were the one who trusted me and respected me and by that I could try to make myself better. Thank you for taking care of me for 4 years.

**Mr. B:** Mr. B it was really pleasure to live under your guardianship and I felt much safer. I hope Rosie feels better.

**Mom and Dad:** Mom and Dad, I finally made it to graduation. I have disappointed you many times and was sometimes mean to you. However, I realized how bad and immature I was. I also realized how important and precious the family was.

I really appreciate your love and help and try to be a better man.

**Mom & Dad:** I can't even begin to thank you both for everything you have done for me. You two have supported me throughout my entire high school career, and though at times I took that for granted-I will never forget it. I couldn't have asked for better role models, you are both such incredible people and I feel so blessed to call you my parents. I love you.

**Class of 2011:** An incredible class with some of the greatest people I have ever encountered and will never forget. Thank you for all the memories and the best high school year of my life.

**Mr. and Mrs. Rabinowitz:** Lee and Coach, you two are some of the most helpful and kind-hearted people I know. You were always there for me, whether I simply needed someone to talk to or a couch to watch the big game on. Lee, you are an amazing actress/director and I'm grateful to be able to say I have been taught by the best. Coach, you have an unbelievable amount of patience and passion and I know you also have the perseverance to succeed in whatever comes next. I am going to miss you both an unthinkable amount, but I know we will keep in touch. Good luck next year, you two.

**Will, Scott, Kelly:** You three make an amazing team. "Thank you" doesn't even begin describe how appreciative I am towards you all. Scott, thank you for being such a great person and a respectable cook. Will, thank you for all of your great advice, your delicious weekend cooking lessons and most of all: always making me smile. You are such a sweet guy. Kel, I am really going to miss bantering with you every morning, you are the strongest person I know and you will only get stronger in time. Also, you make great eggs. You guys are literally three incredible people and you deserve every ounce of respect given to you. Take care, I'll visit soon.

**Quadry Anderson:** Wow am I going to miss you, Quad bod. Together we have had some really fun times here at the Sac, especially in our weekly brown club meetings. You are a seriously funny guy and I know everyone is going to love you in Florida. Enjoy yourself to the fullest next year-I love you will. I'll hit you up whenever I'm in NYC again.

**Will Flynn:** Though we became friends in an incredibly ironic turn of events, I am happy we ultimately did. You have been a great coach for these past two years and I am going

to miss our daily situations hearts. You have a (rather large) but great head on your shoulders and I know you will do awesome things in your future. Have an incredible time at college and I will seriously miss you. Thanks for everything, cowboy.

**Stephen Mata:** Gwen, You were one of the funniest people I encountered this year. There are way too many hilarious stories and memories made with the rest of the guys to even mention. Keep that hair cut and that tolerance up! I'm gonna miss you a bunch, good luck next year-especially at Yule Log.

**Stephen Burke:** These two years have flown by and I can't even begin to remember all of the awesome (and mostly crazy) people, things and situations we have endured together. I will never forget you and your incredibly smart sense of humor. I can't wait to exchange insane college stories when we meet up again in the city along with the rest of the crew. Good luck next year, Stephen and stay real.

**Ryan Allen:** Michigan! Im going to miss you so much, dude. Your hilarious quirks and silly comments always gave us something to talk about and constantly kept me laughing. I'm bummed you're leaving but I know your gonna have way more of a blast once you're out. Thank you for helping to make this year bearable- I don't think I could have done it without you. Keep in touch, I want to hear all about you taking over Okemos.

**Mackenzie Blanchette & Nick Clewer:** Mac, I'm going to miss you so so much. You were one of the most brutally honest guys I know but you were always there to listen when I needed you. Thank you for helping me brush up on my French. Clew, you are unimaginably funny-whenver I was around you I was always laughing. Thank you both for being awesome friends and an absolutely hilarious duo. Both of you party hard this summer and keep in touch.

**Conor Jordan:** I love you for keeping me company in Latin this year, and all

of your help with Anatomy (you know how much I hate science). Thank you for always being the nicest, sweetest and most friendly around. I'm one-hundred percent sure you're going to have a blast wherever you go and you'd better keep me posted! I'll miss you Gingah.

**Jin Im:** My Favorite Korean. You are such an awesome guy, Jin. You have been great to me these past two years. Thank you for being a reputable listener and incredible friend. We've seen some crazy times here and I am definitely going to miss them. I know you're going to have such a great time next year and I look forward to hearing about it. Have an amazing summer!
