Greetings from our Headmaster, Dean Foster:

Dear V1th Formers,

As I write this, I must tell you that I feel guilty. Guilty, because I have always believed that too much pride is a bad thing, but I really can't help myself. I am so proud of each and every one of you. Each of you has shown me, at some point in your time at Hoosac, a gift, skill or particular ability that I can now reflect on with nothing but pride.

As you leave Hoosac and enter the world, I ask that you do me a favor and take that gift, that talent with you, but don't just take it and keep it to yourself, use it, display it, put it to good use. Make the world a better place by going out and accepting challenges, by looking for opportunities and seizing them, by taking your talents and improving the world.

You have graduated and you probably think that your time here at Hoosac is done, but I must tell you, your time at Hoosac has just begun. You are now, and forever will be, an alum of Hoosac School. There will be stretches of time where you will hardly think about your days here, but I can assure you that Hoosac will always be in your heart, and when you least expect it, a Hoosac connection will pop up out of nowhere and surprise you.

Be proud of your time here and of your accomplishments and know that as you go through life, we at Hoosac will always herald your successes. The Hoosac alumni network is vast and your place in it was secured when you were awarded your diploma. Be an active member of it and stay in touch. Be well and do good things.

Sincerely,
Dean S. Foster

Class of 2014

The 2014 yearbook is dedicated to our librarian, Mr. Richard Randel

Over the years Mr. Randel's dedication, loyalty and support of the Hoosac community has been ceaseless. He has been a kind and positive influence on the students and school's society as a whole. Mr. Randel earned his degree in English education and is well versed in literature and film which has been of great assistance in the library. Due to health issues Mr. Randel moved to Georgia to live in sunshine and warmth near his family. He is missed, but the legacy he leaves behind will educate and enlighten students for years to come. His perseverance, sense of humor and giving nature left its mark on Hoosac and we will be forever grateful to him for that.

"Carpe Diem! Seize the day. Make your lives extraordinary."

To my class of 2014: I just want to tell you, if an opportunity is offered to you, seize it. We spend too much time of our lives thinking and regretting the things we never accomplish. So get out of your comfort zone and do things you would never expect yourself to do. Keep your dreams alive and turn them into reality. Everything is possible; sometimes we just have to work harder in order to succeed. We are sometimes afraid to face the unexpected, but when you really think about it, we are only afraid to become a better version of ourselves. I wish all of you happiness and success, and I hope we will meet again.

To my McCullough girls: Thank you for the great moments we shared. Oh and, a big shout out to my favorite Spice Girls! Thanks for being part of my moments of madness.

To Mrs Kelly: Literally, thank you for every single thing. I wish you, Mr. Kelly and the dogs the best of luck next year.

To Bailey: I could not thank you enough for everything you've done for me this year. Our psychology nights and our crazy ideas at one o'clock in the morning will remain forever engraved in my memory. I am glad to have such an amazing friend in my life and always remember that no matter what happens I will always be there for you. B, always remember that there is always a lesson to learn even in our biggest mistakes. You are an incredibly smart young woman with a lot of potential and no matter what

you decide to do in life; I assure you that you will succeed. Mama Ferd loves you!

To Tiff, Katie, Jess, Hannah, Julia, Schnoop, Haylee, Bailey and Eve: My sports hours at Hoosac would have never been the same without my girls! Thank you for all the memories we created together. I will never forget the BBB, Carol and our memorable Lacrosse season. And please, don't let Emma Willard win a single game against us next year. I love you all and I hope to remain in touch with every single one of you. Have fun next year!

To Chen Chen, Karena, Jal and Cathie: My favorite Chinese girls, I wish you the best of luck next year. I love you!

To Damani: Maybe it is the end of a chapter, but it is most importantly the beginning of another. I love you.

My goal here is to make this senior page as cheesy as possible, and it'll be easy with all that I have to say about my three years here at Hoosac. When I first started I had just moved into the area and I was so shy and introverted, but I had so many amazing friends to help me get through that first year, and then the next two years were just amazing since I had come out of my shell. I have so much to say and so many people to say thank you and goodbye to.

To Freddy: You are mama fred to me and you are one of my best friends and favorite people. I've loved our psychology nights and pizza parties and "the list" and every other crazy thing we've done. I love you Freddy and it's been an amazing year with you. You've helped me get through so much and I couldn't imagine not being this close to you now.

To Julia: You've helped me through tough times Jules and we spent that entire summer together having so much fun and you are an amazing friend and a beautiful person. I'll love you always.

To Haylee: My "wifey" and "lover" I've had a great time with you here. I'm going to miss our code names and crazy times during lacrosse and being there for each other. You're amazing Haylee, "you is kind, you is smart, you is important. "Don't ever let anyone tell you differently because if they do they're dead wrong.

To Tiffany: We've had our ups and downs these past three years but you were there for me for some of my lowest points and I'll always look past our fights because of that. You're a good friend and I'm going to miss you next year.

To Everyone Else Because I'm Running Out of Room: I love you all so much and you've made my time at Hoosac so amazing and fun and heartfelt and real. Everything we've done, like those seventh period study halls eating my food, and going down to the courts over the summer with Dan the Man, and my diet coke obsessions, and my awful snapchat messages you've screenshotted over the year, and compliment Monday, and beach volleyball, and talent show ideas, and just everything. I'm going to miss it all so much, you've all been so amazing to me and hopefully I have been the same to you.

(Good luck with your hairless cats.)

After four years I am finally saying good bye to Hoosac. The times I've spent here will stay in my memory for a long time. It hasn't been a perfect journey, but at least it wasn't a dull one. I've met people here that I will never forget. Sadly some have graduated so I can't write to them.

Jasn: You have been here with me all four of my years. You have seen all my struggles, and yet you still decided to be my friend. Our text and conversations are irreplaceable. I wish you the best of luck "camera man" ;)

You probably dread coming in, in the mornings but I love seeing you smile or laugh or make jokes! I am so thankful to have known you and I hope everything goes well!!!! You are so brave Kelly! Senior Class of 2014: We made it, and I can honestly say that I wouldn't pick any other group of people to be graduating with.

The Crew (Ethan, Trent & Oliver): Boys, it's been real. We've had good, great, grand ol' times. I'm going to miss you next year, it won't be the same, but these years have been ones for the books. Love y'all.

Hannah: Same. Oh whale. Where to start? This year has been my favorite of all by far, and you are one of the biggest reasons why, you have always known how to put a smile on my face. From selfie's in bio to beach volleyball, every single moment has been a memory that will stay with me forever. So, thank you. Oh, and I guess I'll miss you.. kinda, sort of, a lot. Okay, I'll miss you a lot.

Alfredo: Fredo, I haven't quite figured it out how you do it, but you have always managed to make every memory better, even when I thought those memories couldn't have gotten any better. It's gonna be hard not being able to yell "FREDO!" across campus next year. Keep your head up and score some goals for me in hockey next year. I got nothing but love for you brother.

Jake: Soccer season, screaming in the day student lounge, lax practice, words cannot express how sick this year has been with you. There's too much to say, but don't worry, you'll hear it in person.

Danny Lepage: It's been on honor going to school with the Lepage boys. We've had some killer times at The Sac, and I wish there could have been more. You're among the most genuinely great people I've ever had the pleasure to meet, and I hope you kill it in hockey next year.

Drew & Jeremy: How do I describe you boys? You two are some of the funniest, craziest people I know, and I wouldn't want y'all any other way. We've had some times I wouldn't trade for the world. I'll miss you both immensely.

To Anyone I Did Not Mention: Sorry, I'm running out of space, but I expect you to know who you are. I want all of you to know that you will be forever in my heart, and I cannot wait to see what lies ahead of you, because I know that every single one of you will do great things no matter where you end up. Our main administration building, Tibbits Mansion, built in 1860, is haunted by a friendly ghost. --The Mansion has a tunnel leading beneath the campus down to the Hoosic River. It was sealed at both ends in 1952. The tunnel is rumored to have been used as an escape route when the Tibbits estate was a stop on the Underground Railroad.

"It was a lot of fun seeing different types of goats, and other animals. The work wasn't that bad, but helped me gain a greater respect for farmers. I hope to see more students join in on the community service effort!"

“Sofia and I volunteered for the ARC community service last Tuesday. It was different from what I expected. I met Sean, a man who has a mental disability, and we talked with him for an hour. We became friends. He talked about his friends, families and work. Throughout this activity, I learned to communicate with a smile,”
 - Sandy Y.

“The youth center was great. We got to play dodgeball with the kids. I even wrestled with some of them. Seeing all the smiles and the amount of energy that the kids had made me feel great, because they were having such a good time with us. This made me realize that just little things like throwing a ball around can make them so happy. I would definitely do it again in the future. It was a blast,”

CONGRATULATIONS HIGH SCHOOL GRAD

Whether you run,

Or work,

Or play,

**Remember to do it all with diligence and perseverance
& you will achieve your goals.**

We love you!
Dad, Mom, and Sarah

As we close this book,
We will always remember the joyous memories
Mrs. Maggie Towne brought to our lives at Hoosac.

Sorry to Part

It is the peaceful hour of rest,
When dreams on weary mortals fa';
Each thing is in its season bless'd,
And prudence bids us gang awa'.
"Good night" upon the table stands,
Come, fill it up at friendship's ca',
True friendship now no more demands;
"Good night, and joy be wi' you a'."
Taste we a joy without alloy,
'Tis when we from the crowd withdraw
Unseen to rove with one we love
By dusky glen or lonely shaw;
Or when we in the social ring
The nectar from the crystal draw
Till eerie tolling midnight bring
"Good night, an' joy be wi' ye a'."
Should fate my fondest wish deny,
I ne'er again shall see ye a';
But never shall the sacred tie
That binds these bosoms burst in two.
True hearts are few, and seldom meet
On this revolving earthly ba';
I grieve the parting glass to greet,
"Good night, an' joy be wi' ye a'."
